

Certificate of Analysis

Product Name: mCherry mRNA (5'CAP)
 Cat. No.: GM10009
 Batch No.: 5
 Chemical Name:

ANALYTICAL DATA

mRNA Length :
 Concentration: 1mg/mL
 Buffer: RNase Free Water
 Storage: -40°C or below

	QC Standard	Results
Apperance:	Colorless and Transparent Liquid	Pass
mRNA Concentration (Ultraviolet spectroscopy):	0.9-1.1mg/mL	0.94 mg/mL
mRNA Purity (A260/A280 ratio, Ultraviolet spectroscopy):	1.8-2.1	1.92
Percentage of Intact mRNA (Agilent 5200):	≥85%	97.4%
Functional Assay(293Cell / after 24 hours Transfection):	mCherry mRNA can normally express redfluorescent protein in cells by transfection	Pass

Caution: Product has not been fully validated for medical applications. For research use only.
