
Product Data Sheet

Product Name: rec HIV-1 Protease (expressed in E. coli)

Cat. No.: GA23451

Chemical Properties

Cas. No.

Formula

M.Wt

Solubility Soluble in DMSO

Storage

Store at -20°C

General tips

For obtaining a higher solubility , please warm the tube at 37 °C and shake it in the ultrasonic bath for a while. Stock solution can be stored below -20°C for several months.

Shipping Condition Evaluation sample solution : ship with blue ice All other available size: ship with RT , or blue ice upon request.

Structure

Background

Purified material for kinetic studies. This protease dimer belongs to the aspartyl protease family and is, with only 99 amino acid residues, the smallest of the retroviral proteases. The availability of this protease offers a practical route to design s

Caution: Product has not been fully validated for medical applications. For research use only.
