## Product Data Sheet

---

Product Name: Boc-NH-PEG4-CH<sub>2</sub>COOH

Cat. No.: GC64316

### Chemical Properties

Cas. No. 876345-13-0

Formula C<sub>15</sub>H<sub>29</sub>NO<sub>8</sub> M.Wt 351.39

Solubility Storage Store at -20°C

General tips For obtaining a higher solubility , please warm the tube at 37 °C and shake it in the ultrasonic bath for a while. Stock solution can be stored below -20°C for several months.

Shipping Condition Evaluation sample solution : ship with blue ice All other available size: ship with RT , or blue ice upon request.

Structure

### Background

Boc-NH-PEG4-CH<sub>2</sub>COOH is a cleavable ADC linker used as a linker for antibody-drug conjugates (ADC). Boc-NH-PEG4-CH<sub>2</sub>COOH is also a PEG-based PROTAC linker that can be used in the synthesis of PROTACs[1].

ADCs are comprised of an antibody to which is attached an ADC cytotoxin through an ADC linker. PROTACs contain two different ligands connected by a linker; one is a ligand for an E3 ubiquitin ligase and the other is for the target protein. PROTACs exploit the intracellular ubiquitin-proteasome system to selectively degrade target proteins.
