## Product Data Sheet

---

Product Name: Tos-PEG2-OH

Cat. No.: GC66095

### Chemical Properties

Cas. No. 118591-58-5

Formula  $C_{11}H_{16}O_5S$

M.Wt

260.31

Solubility

Storage

Store at -20°C

General tips

For obtaining a higher solubility, please warm the tube at 37 °C and shake it in the ultrasonic bath for a while. Stock solution can be stored below -20°C for several months.

Shipping Condition Evaluation sample solution : ship with blue ice All other available size: ship with RT, or blue ice upon request.

Structure

### Background

Tos-PEG2-OH is a PEG-based PROTAC linker that can be used in the synthesis of PROTACs<sup>[1]</sup>.

PROTACs contain two different ligands connected by a linker; one is a ligand for an E3 ubiquitin ligase and the other is for the target protein. PROTACs exploit the intracellular ubiquitin-proteasome system to selectively degrade target proteins<sup>[1]</sup>.

**Caution: Product has not been fully validated for medical applications. For research use only.**
