
Product Data Sheet

Product Name: Amino-PEG3-C2-sulfonic acid

Cat. No.: GC66823

Chemical Properties

Cas. No. 1817735-43-5

Formula C₈H₁₉NO₆S M.Wt 257.3

Solubility Storage Store at -20°C

General tips For obtaining a higher solubility , please warm the tube at 37 °C and shake it in the ultrasonic bath for a while. Stock solution can be stored below -20°C for several months.

Shipping Condition Evaluation sample solution : ship with blue ice All other available size: ship with RT , or blue ice upon request.

Structure **Background**

Amino-PEG3-C2-sulfonic acid is a PEG-based **PROTAC linker** that can be used in the synthesis of PROTACs^[1].

PROTACs contain two different ligands connected by a linker; one is a ligand for an E3 ubiquitin ligase and the other is for the target protein. PROTACs exploit the intracellular ubiquitin-proteasome system to selectively degrade target proteins^[1].
