
Product Data Sheet

Product Name: CLEC2B Human, Sf9
 Cat. No.: GP23170
 Batch No.: 1

Product Data

Purity	>98%	Source	Sf9, Baculovirus cells.
Physical Appearance	solid	Shipping Condition	Shipped with Ice Packs.
Synonyms	C-Type Lectin Domain Family 2 Member B; C-Type (Calcium Dependent; Carbohydrate-Recognition Domain) Lectin; Superfamily Member 2 (Activation-Induced); IFN-Alpha-2b-Inducing-Related Protein 1; C-Type Lectin Superfamily Member 2; Activation-Induced C-Type Lectin; CLECSF2; IFNRG1; AICL; C-Type Lectin Domain Family 2 Member B; IFN-Alpha2b-Inducing Related Protein 1; HP10085.

Formulation	CLEC2B protein solution (0.25mg/ml) contains Phosphate Buffered Saline (pH 7.4) and 10% glycerol		

Introduction

C-type Lectin Domain Family 2, Member B (CLEC2B) belongs to the C-type lectin/C-type lectin-like domain (CTL/CTLD) superfamily. Members of the CTL/CTLD family share a common protein fold and have various functions, such as cell adhesion, cell-cell signaling, glycoprotein turnover, and roles in inflammation and immune response. The CLEC2B gene is closely connected to other CTL/CTLD superfamily members on chromosome 12p13 in the natural killer gene complex region. CLEC2B is expressed preferentially in lymphoid tissues, and in most hematopoietic cell types.

Caution: Product has not been fully validated for medical applications. For research use only.

Product Data Sheet

Stability

Store at 4°C if entire vial will be used within 2-4 weeks. Store, frozen at -20°C for longer periods of time. For long term storage it is recommended to add a carrier protein (0.1% HSA or BSA). Avoid multiple freeze-thaw cycles.

Background

CLEC2B produced in Sf9 Baculovirus cells is a single, glycosylated polypeptide chain containing 366 amino acids (26-149a.a.) and having a molecular mass of 41.7kDa. (Molecular size on SDS-PAGE will appear at approximately 40-57kDa). CLEC2B is expressed with a 242 amino acid hIgG-His tag at C-Terminus and purified by proprietary chromatographic techniques

Caution: Product has not been fully validated for medical applications. For research use only.
